**WICKED SMAHT: SHOW/MOVIE PARODY SKETCH**

---

ELPHABA - Ego Nwodim  
GLINDA - Chloe Fineman  
THE WIZARD - James Austin Johnson  
MADAME MORRIBLE - Heidi Gardner  
CHISTERY - Mikey Day

**INT. THE WIZARD OF (B)OZ'S PALACE IN THE EMERALD CITY**

*OPEN ON ELPHABA and GLINDA standing in front of The Wizard's giant mechanical head.*

THE WIZARD

I. AM. BOZ! The Great and Terrible. Who are you and why do you seek me?

ELPHABA

I am Elphaba. Thropp. Your Oz-ness. And this is my friend from Shiz University, Glinda.

*The mechanical head turns off and THE WIZARD comes from behind a curtain to reveal his true self and greet ELPHABA and GLINDA.*

THE WIZARD

*(holding a Dunkin' cup, Boston accent, wearing an emerald green Celtics shirt instead of his usual emerald suit)*

Elphaba! My gosh, you're even more wicked smaht in person than Madame Morrible let on. And it's Boz. The Wizard of Boz.

ELPHABA

I'm sorry, you're the Wizard of Boz, not the Wizard of Oz?

THE WIZARD

Yeah, as in the Wizard of Boz-ton. Just trying a bit of rebranding. Oz felt too Midwestern. I needed an East Coast punch - I read it in this handy dandy manual so it must be true. *(THE WIZARD holds up a copy of Trump's book "The Art of The Deal")*

*ELPHABA and GLINDA just nod their heads, agreeing but in confusion*

GLINDA

It's an honor to meet you, sir.

THE WIZARD

Yeah yeah, likewise Gloria.

GLINDA

Oh it's actually Gl-

THE WIZARD

So Elphaba, Madame Morrible has told me that you're the real belle of the ball down at Old Shiz Yahd.

*MADAME MORRIBLE enters the room*

MADAME MORRIBLE

So sorry I'm late, but I picked up some Munchkins to snack on!

*A look of horror appears on ELPHABA, GLINDA, and the WIZARD's faces. MADAME MORRIBLE pulls out Dunkin' Munchkins from her bag and their expressions change to a look of relief.*

THE WIZARD

*(grabbing a Munchkin and dipping it in his coffee)*

Don't worry, you didn't miss much, we were just getting staht-ed.

*The group walks across the room past various eccentric invention - A Samuel Adams self-powered keg and a mini model of The Emerald City most notably. They stop at a curtain seemingly covering something.*

THE WIZARD

Elphaba, thank you for visiting today. Miss Morrible has filled me in on all of your wicked smaht skills. And uh, Gladys, thank you for joining.

MADAME MORRIBLE

Yes, nice of you to, ahem, tag along for Miss Elphaba's big moment.

THE WIZARD

We need your help with something, something that could save all of Oz. I mean, Boz. Ha, still getting used to the name change.

*THE WIZARD pulls the curtain to reveal something seemingly important. However he quickly realizes he's at the wrong curtain. This is an apparent personal shrine to Ben Affleck, Matt Damon, and Mark Wahlberg (the Bostonian Holy Trinity).*

THE WIZARD

Whoops wrong one! Excuse me, how fricken embarrassing!

THE WIZARD blows an air kiss to the shrine and the group proceeds to walk to the next covered curtain. THE WIZARD pulls down the curtain to reveal an ancient book.

GLINDA

Whoa! Is that...

ELPHABA & GLINDA

The Grimmerie???

MADAME MORRIBLE

Yes. Our Ancient Book of Wisdom, Thaumaturgy and Enchantments.

GLINDA

Can I touch it?

MADAME MORRIBLE

No!

THE WIZARD

Elphaba, with your wicked smaht-ness, you may be the only one, I mean only other one, to be able to unleash the book's full powers with casting spells.

ELPHABA

Can I, can I try reading it?

THE WIZARD

Of course. You know, Chistery, the leader of my Emerald Guards, has always wanted to fly. Why don't you start there?

CHISTERY (Mikey Day in a monkey Emerald Guard costume) appears. ELPHABA nods and goes up to the Grimmerie and starts saying a spell from the book.

MADAM MOROBLE

Don't be discouraged if you can't read it. I can only read a word or two, and that took years of practice.

GLINDA

You've got this Elphie!

ELPHABA

Ah-- tay...? Tah... tay? Yah huh? Yah no? Bang a uey? B'daydas?  
Bubbler? Hahvahd?

*A wind starts to pick up in the room.*

THE WIZARD

My god I think it's working! It's like a fricken Nor'easter in here!

*All of a sudden, there's a shriek from CHISTRY as he goes behind the curtain, seemingly in pain. He comes back out in a New England Patriots jersey (and wings)*

CHISTRY

Hey pissah, wanna go on a Dunks run?

THE WIZARD

Elphaba you wicked smaht lady, you did it! Dunks on me!!!

*FADE OUT as "One Short Day" plays.*
